

LEAP INTO A NEW ROLE AND MAKE
LIFELONG memories

2x Senior Wildlife Attendants

- Maintain Dreamworld's captive animal collection, enclosures & exhibits
- 2 part-time positions available – one PT20 and one PT30

Dreamworld is one of the largest native wildlife parks in Southeast Queensland with 100's of native animals including one of the largest koala populations. We are seeking two Senior Wildlife Attendants to join our team on a part-time basis – one role guarantees 20 hours per week, the other guarantees 30 hours per week.

The primary responsibility of a Senior Wildlife Attendant is to provide the highest standard of animal care for our captive animal collection, and maintain the enclosures and exhibits. Tasks include feeding, cleaning, record keeping and animal enrichment.

This is a physically demanding role that involves animal husbandry tasks and manual handling, therefore the ability to perform physically demanding work is essential. Sound written and verbal communication skills are essential as interaction with a diverse range of people from differing cultures is involved, and report writing and record keeping is a requirement of the role.

The ideal candidate will have a thorough knowledge and extensive experience working with Australian native fauna. Animal husbandry qualifications and/or progressive study towards a zoo keeping qualification would be well regarded. Flexibility with working hours across a 7 day roster is essential, and weekend work will be involved. A current manual drivers license is also required.

In addition to a fantastic range of in-park and in-venue benefits (free entries, discounts on purchases, free parking and more), we've partnered with Perkbox to give our team members access to hundreds of dollars of direct savings each year on their everyday purchases from some of Australia's biggest retailers (everything from fashion, to tech, and even your weekly grocery shop!) in addition to a really exciting work environment where no two days are the same.
