

Full time Animal handler guide.

Crocosaurus cove is a reptile orientated establishment in the heart of Darwin NT. We provide up close interactions with top end wildlife (such as large saltwater crocodiles) in a safe and meaningful manner, with the goal of best promoting appreciation for our native wildlife and habitats. Both environmental and social awareness play a vital role in our messaging, whilst providing our guests with unforgettable memories and experiences.

Crocosaurus Cove is looking for highly motivated, hardworking individual to fill a full time role in our Animals department. General duties include not only animal care and husbandry but a strong focus on educating our customers on top end wildlife with a particular emphasis on saltwater crocodiles.

Applicants must have flexible availability with weekends and some evening work expected as part of the role.

Essential

- A strong enthusiasm for Australian reptiles.
- Tour guiding and presenting skills.
- Customer service skills.
- Good time management skills and an ability to perform well under pressure.
- Demonstrated ability to work independently whilst maintaining strong, positive team and mentorship skills.
- Excellent personal presentation.
- Proven ability in carrying out daily keeping duties to a high standard and in a timely manner whilst ensuring all husbandry and welfare needs are met.
- Possessing cultural awareness and sensitivity.

Desirable

- Certificate II in captive animals or equivalent.
- Experience working in a captive animal facility and supervising customer interactions and activities.
- Good communication skills both oral and written.
- Demonstrated ability to take initiative, be flexible and pursue a solutions orientated approach to challenges.
- Experience in the Five Domains of Animal Welfare and application in reptile husbandry.
- A passion for sustainable practices and knowledge of plant care.
- Knowledge of aquatic and life support systems.

If you are interested in joining our team, please email your cover letter and CV to crocmgr@croccove.com.
